

# Lynea Audio Handsets

The latest technology, elegant styling, functionality and unbeatable reliability bring Lynea as the most cost-effective addition to BPT's extensive range of audio entry systems, giving you even greater choice than ever before.

With a choice of two handsets, Lynea fits conveniently into BPT's range which extends from simple, single-home (or office) units to large, sophisticated systems. Various options are available for System 200, System 300 and X1 systems.

## YC/200UK - YC/300UK

Lynea handset featuring a door lock release button and an auxiliary button YP/1. To table mount, use a YKT/C kit plus RJ/45 socket.

## YC/200AUK - YC/300AUK

Lynea handset featuring a door lock release button, 1 auxiliary button and space for a further 6 auxiliary buttons which can be fitted with a 3 push button module for intercom use, YP/3, plus a call tone regulator switch which includes 2 LED indicators, YPL. To table mount, use a YKT/C kit plus RJ/45 socket.

## YC/200AUK + TABLE MOUNT

As YC/200AUK but with table mounting accessories YKT/C kit plus RJ/45 socket.
