

SMART SERIES HANDS-FREE/ MAGNETIC LOOP COLOUR MONITOR FOR SB

Flush-mounted (on box 6117) or Surface Mounted (with bracket Art. 6320) colour monitor with 3.5" screen and Full-Duplex hands-free magnetic loop audio for the hard of hearing. Allows audio volume adjustment, ringtone volume adjustment with privacy activation indicator light and brightness control. Fitted as standard with key button, audio enabling/disabling button with corresponding indication LEDs and 2 other buttons pre-set for self-ignition and switchboard call (these can, however, be programmed for various uses). It is normally used for floor door call and call repetition management, and comes complete with an 8-position DIP SWITCH for user code programming, as well as a second 8-position DIP SWITCH for programming management. Inclusion of the button card Art. 6333 allows a further 5 additional programmable buttons to be made available. The monitor can be used in Simplebus TOP colour systems, or as an additional monitor for Simplebus KITS. Dimensions 138x138x24 mm.
