

# Classic Pedestals

## New Stainless Steel Universal Pedestals for Aiphone Doorstations

The new range of Classic Pedestals are designed to suit any application and have universal fixings for the new Aiphone flex stainless steel door stations. The Classic Pedestals are available from stock, avoiding the traditional six week lead time for bespoke pedestals.

They are both stylish and rugged and are available in various sizes and configurations to enable anyone from lorry drivers to wheelchair users to access the call station.

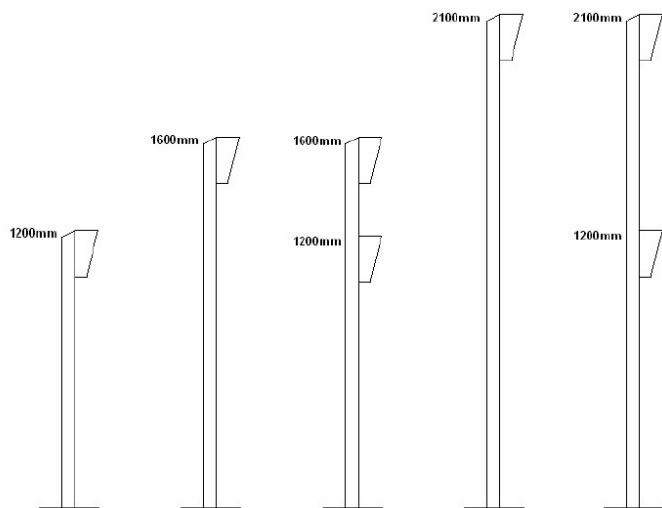

Manufactured from marine grade 316 stainless steel the Classic Pedestals can cope with all environments from coastal locations to industrial areas.

In addition, Classic Pedestals are elegant, flexible and competitively priced. Please call for a quote.

### Options:

- 1200mm
- 1600mm
- 1600mm Dual (SP)
- 2100mm
- 2100mm Dual

Aiphone also offer bespoke pedestals with flush door stations, contact us if you require something special to suit your requirements.
