RFSMK

RADIO SMOKE DETECTOR, SERIES 2

MAIN FEATURES

Protected area dimensions	120m ² (max height 16m)
Trademarks/Certifications	EMC immunity EN50130-4

HARDWARE SPECIFICATIONS

Type of finish	ABS
Colour	White
Operating temperature (°C)	-10 ÷ 50

GENERAL DATA

Height (mm)	56
Maximum current absorption (mA)	26
(µA)	4
Diameter (mm)	103
Events Reported	Detection, Tamper, Low Battery
Frequency of the radio broadcast	868
Number and type of the battery	2 x CR123
(V)	2.6
Monitoring	Yes
Wireless technology	Bidirectional protocol
Type	Smoke and heat detector
For indoor use	Yes
