VISION 5 VIDEO DISTRIBUTOR

Reference	EAN
2482	8424299024820

Description.

Description

Video Distributor of spare parts for inclusion or replacement in VISION 5 installations.

Video distribution in several outputs.

Must be used in all video signal bifurcations.

Technical Details

In new works, lets you manage up to 199 homes, 2 entrance accesses and a central guard unit.

Maximum distance from first access to last home: 200 m.

In replacement works, the change from analogue entry to video entry system can be done taking advantage of the existing wiring.

The system capacity is 40 apartments (1 monitor per apartment) and up to 50 metres or 8 floors in the block. The monitor of the apartment needs a battery that supplies the necessary power.
