

Ref. 9608 CITYLINE SINGLE PUSHBUTTON

DESCRIPTION

SINGLE Pushbutton of spare parts for CityLine outdoor panels.

Injected zamak chrome finish Call buttons, in line with the curved panel profile. Sealed for outdoors.

Equipped with special gold plated contacts for lasting durability.

Pushbuttons include a polycarbonate card slot (front access) to insert a label with the home owner's name and door number. Built in lighting lets you see the card slots, even in pitch dark.

CityLine is the "continuous profile" outdoor panel line for buildings.

This new panel model is more robust, more luxurious and higher design and functional quality.

It is characterized by its curved-convex profile the same features of its predecessor.

They are manufactured in aluminum and are highly weather resistant. It incorporates new materials like the chrome zamak in heads and pushbuttons.

Colour aluminum.

Pressing the call button is confirmed by an acoustic signal from the amplifier.

TECHNICAL FEATURES

Lighting LEDs consumption: 3,5 mA per card slot.
