

GT-VB

Camera Module

The GT-VB camera module provides digital pan, tilt, and zoom control for GT Series video entrance stations. The viewing area is 100° vertical and 170° horizontal.

It is included in the GTV-DES104B and GTV-DES202B modular entrance station kits. It is also sold separately for custom entrance station configurations.

- **Digital PTZ camera**
- **170° viewing angle**
