## THE KIT THAT MAKES YOUR HOME'S VIDEO ENTRY SYSTEM MANAGEMENT EVEN EASIER

Kit App is BPT'S new idea for managing video entry functions from inside the home direct from your mobile device. With Kit App even small units, one- or two-family homes, can enjoy the convenience and technology of the BPT brand.

KIT APP uses VoIP SIP technology to communicate between the devices and allows you to use with easy settings the XIP mobile App developed by BPT for the iPhone®, iPad®, Smartphones and Android Tablets™.
