

# BRAVO kit

# BRAVO kit

## Simple, intercommunicating and versatile

**Bravokit** - the new video door entry system from Comelit based on technology exclusive to Comelit, Simplebus is the last word in simplicity.

It comprises the **Powercom** entrance panel, with its distinctive blue LEDs and original design, and **Bravo**, the elegant video door entry monitor suitable for all types of residence.

The kits are available in both colour and black and white versions. Both types are available in surface-mounted, single-family or two-family versions.

The Bravokit includes the "privacy" function and the intercom function.

In order to use the intercom function, the single-family kit must be expanded with one or more additional door entry telephones/monitors.

The kits can be expanded to include up to 2 external units and 3 monitors per residential unit. The door entry telephones and monitors are standard products from the Simplebus family.

**Bravo**kit

## Colour for all

Comelit Group Spa has designed the kit to satisfy all user requirements. For this reason there is an optional templates kit that allows you to personalise the front cover of the monitor, changing the colour to suit your own taste and decor.

### COLOURED TEMPLATES KIT

To meet all possible aesthetic requirements, you can purchase either single-colour packs containing 10 templates all the same colour or a mixed-colour packs containing one of each of the 10 available colours. To order the templates, add a slash followed by the appropriate code chosen from those below to the article code for the BRAVO monitor.

For example, to order a kit of 10 orange templates, order n. 1 bravo art. code/C/3, while to purchase the kit containing templates in all 10 colours, order n. 1 Bravo art. code/C/A.

Coloured templates allow the monitor to be personalised to suit all tastes.

## MAXIMUM VERSATILITY

Maximum system versatility; a number of secondary single-family and/or two-family Bravokits can be connected to the main external unit up to a maximum of 30 users. This makes for considerable savings in installation costs. A porter switchboard can also be combined with the system.

Variant with additional lock for single-family kit

Variant with additional cameras for single-family kit

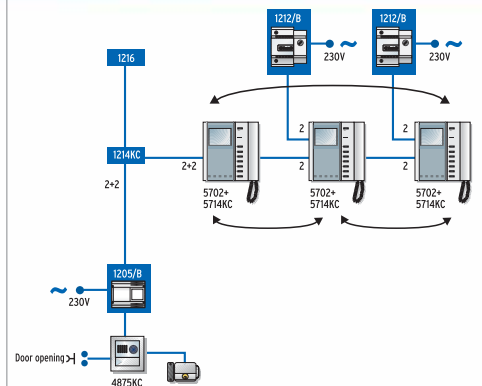

All accessories required to complete or expand the system are standard products from the Simplebus family.

Variant with second entrance for single-family kit

Variant with two additional entry phones for single-family kit

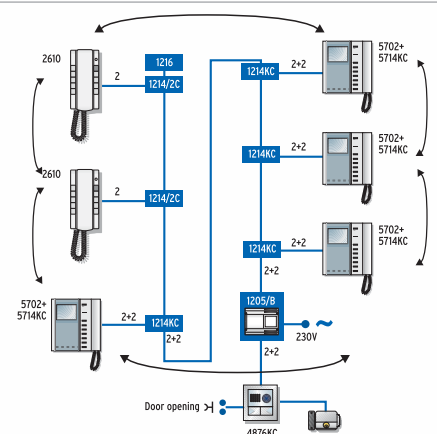

Variant with two additional monitors for single-family kit

Variant with second entrance for two-family kit

Variant with floor door call connection and additional bell for single and two-family kit

Variant with two additional monitors or entry phones for two-family kit

Bravokit is also available in the VANDALCOM version.

**Art. 8371**

**Single-family colour kit with BRAVO monitor and VANDALCOM entrance panel**

The kit comprises: 1 BRAVO monitor art. 5702, 1 bracket art. 5714KC, 1 transformer art. 1205/B, 1 external unit art. 4877BKC, 1 branch terminal art. 1214KC and 1 termination terminal art. 1216.

**DEDICATED ACCESSORIES FOR THE VANDALCOM VERSION**

**3159/1 Stainless steel surface-mounted housing**

Stainless steel surface-mounted housing - 1 module.  
Dimensions 142x142x58 mm.

**4877BKC Additional external unit with 1 pushbutton**

External unit with 1 pushbutton, with 1/3" CCD colour camera, white LED illumination, microphone and loudspeaker volume control. Complete with module-holder frame and flush-mounted box.

**BRAVO** kit

COLOUR ACCESSORIES

**3312/1 Rain shield for Powercom entrance panel.**

Rain shield for Powercom entrance panel. N° of modules: 1.  
Dimensions: 135x135,5x60 mm

**3316/1 Surface-mounted housing**

Stainless steel surface-mounted housing - 1 module. Dimensions 123x123x32.5 mm.

**3319/1 Surface-mounted housing with rain roof for Powercom entrance panel.**

Surface-mounted housing with rain roof for Powercom entrance panel. N° of modules: 1. Dimensions : 135x135x91 mm

**4875KC Additional external unit with 1 pushbutton**

External unit, with 1/3" CCD colour camera, white LED illumination, microphone and loudspeaker volume control, aluminium call pushbutton with name label. Complete with die-cast aluminium module-holder frame and flush-mounted box.

**4876KC Additional external unit with 2 pushbuttons**

External unit, with 1/3" CCD colour camera, white LED illumination, microphone and loudspeaker volume control, aluminium call pushbutton with name label. Complete with die-cast aluminium module-holder frame and flush-mounted box.

**4660KC A/V unit with camera**

A/V unit with 1/3" CCD B/W camera, white LED illumination, microphone and loudspeaker volume control.

**3328/PK Powercode kit**

External units can be equipped with this electronic key that allows the access door to be opened by entering an 8-digit secret code programmed by the resident. The article comprises an electronic coded key module with 2 relays art. 3328, a flush-mounted box art. 3110/2 and a frame art. 3311/2G.

### 1224A Switching device for Simplebus audio or audio-video systems with 2 or more entrances.

Complete with 2 DIP SWITCHES with 8 positions for setting the user range of the riser. 12V AC power supply. (use transformer Art. 1200) Dimensions: 60x85x35 mm (4 DIN modules).

### 4833C Line amplifier for Simplebus colour video systems

Amplifier for Simplebus video systems. This regenerates the riser signal relative to the video component. Complete with microcontroller for optimal operation management. Follow the operating instructions in the technical documentation. Power supply: 12 V AC or 20 V DC. Dimensions: 66x85x35 mm (4 DIN modules).

### 1122/A Relay for general uses 12-24V DC-AC (4 DIN modules)

12/24V DC-AC 10A relay for general uses. Dimensions: 66x85x35 mm (4 DIN modules).

### 1256 Actuator relay

Intelligent device for controlling a 10A relay (on board) for general uses. For use and programming of the function required, follow the indications given in the technical documentation. Power supply: 12 V AC or 20 V DC. Dimensions: 66x85x35 mm (4 DIN modules). Branch terminal 1214/2 not supplied.

### 1259C Switcher for remote cameras

Module which allows modulation and transmission of the video signal coming from 3 colour cameras sequentially together with the image coming from the external unit. Sequential switching of the cameras is possible using the actuator pushbutton of the monitor. Possibility to control private cameras. Power supply 12 V AC or 20 V DC. Dimensions: 60x85x35 mm (4 DIN modules).

### 1212/B Power supply for additional monitor

Power supply with 230V AC input, 0-20V DC / 15VA output. The transformer is fitted with internal protection PTC. Dimensions: 87.5x105x65 mm (5 DIN modules).

### 1205/B Power supply

The transformer provides 2 outputs: one to power the external unit and the electric lock and one to power the monitor. Dimensions: 105x85x85mm 500mA time delay fuse. Terminal board: AC230V network voltage input ~ AC output for external unit and electric lock + - 20V DC power supply output of the monitor. Dimensions: 105x85x85 mm (6 DIN modules).

### 5702 BRAVO COLOUR monitor

Bravo monitor with 4" colour screen, The chrome keys, the brilliant white gloss finish combined with the silver colour base combined with the etched glass effect facia. It is fitted as standard with door open pushbuttons and two pushbuttons for various functions, signalling LED, brightness adjustment, contrast adjustment, and slide call volume adjustment. The "Call tone" function, which allows the call tone to be temporarily excluded, is standard and is obtained by positioning the call volume on zero. It can be converted into a desk version with art. 5712. Dimensions: 212x225x55 mm

### 5714KC Bracket for colour Bravokit

Bracket for Bravo monitor with colour Bravokit Fitted with branch terminal art. 1214KC.

### 5712 Desk base for BRAVO series monitor

Allows all the Bravo monitors to be converted into the desk version. Complete with 2 metres of cable and connection boss. Dimensions: 173x186.5x174 mm.

### 5733 Card with 4 additional pushbuttons

Card with 4 additional pushbuttons (N/O or for digital services), provided with fixing screws. Can be inserted inside all the BRAVO series monitors easily without having to open the monitor.

### 5734 Card with 2 additional pushbuttons and 2 additional LEDs

Card with 2 additional pushbuttons (N/O or for digital services) and 2 additional LEDs, with screws. Can be inserted inside all the BRAVO series monitors easily without having to open the monitor.

### 1214/2C Branch terminal for colour kit

Terminal required when expanding the system with an additional entry phone art. 2608.

### 1229 Additional bell

Additional bell for call repeat, which can be controlled directly from terminals S- S+ of the brackets and/or by the entry phones. Surface-mounted or mounted on civil series box 503. Dimensions: 110x75x29mm.

### 2608 Basic version telephone for digital Simplebus cabling (only for audio systems)

Telephone with electronic call call tone adjustment, privacy of speech, call tone privacy, door open pushbutton and supplementary pushbutton for porter switchboard call or free (C/N.O.). By means of selection jumper, the second pushbutton can be used to control actuator art. 1256. Allows management of the local floor call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. With this model, addition of pushbuttons or supplementary LEDs is not possible. Dimensions: 95x215x58 mm

### 2628 Elegance version telephone for digital Simplebus cabling (for mixed systems)

Telephone with electronic call call volume adjustment, privacy call tone, privacy of speech. Fitted with door open pushbutton, switchboard call, actuator control art. 1256 and free (C/N.O.). Up to 6 supplementary pushbuttons can be added, of which a maximum of 3 LEDs. Allows management of the local floor call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. Telephone to be used in mixed audio/video systems (Simplebus 1 and Simplebus 2) or in audio systems when the call repetition function is required. Fitted with terminal 1214/2. With this model, the can facia can be replaced. Dimensions: 95x215x58

### 2628B Elegance version black telephone for digital Simplebus cabling (for mixed systems)

Telephone with electronic call call volume adjustment, call tone privacy, privacy of speech. Fitted with door open pushbutton, switchboard call, actuator control art. 1256 and free (C/N.O.). Up to 6 supplementary pushbuttons can be added, of which a maximum of 3 LEDs. Allows management of the floor door call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. Telephone to be used in mixed audio/video systems (Simplebus 1 and Simplebus 2) or in audio systems when the call repetition function is required. Fitted with terminal 1214/2. With this model, the facia can be replaced. Dimensions: 95x215x58 mm

### 2610 Elegance version telephone for Simplebus digital cabling with privacy/doctor function and intercom service (the intercom service is only available if the telephone is used in the Bravokit kit)

Telephone with electronic call, call volume adjustment, privacy of speech, call tone privacy. Fitted as standard with door open pushbuttons, porter switchboard call, actuator control Art. 1256 and LED for various functions (engaged and doctor function). Up to 6 supplementary pushbuttons can be added, of which a maximum of 3 LEDs. Allows management of the floor door call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. Telephone to be used in mixed audio/video Simplebus 1, Simplebus 2 systems or in the Bravokit kit. If used in the Bravokit, the telephone has the intercom function. Fitted with branch terminal art. 1214/2. With this model, the facia can be replaced. Dimensions; 95x215x58 mm

### 4576/100 Comelit cable for Simplebus 1 systems (100m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 100m coil.

### 4576/500 Comelit cable for Simplebus 1 systems (500m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 500m coil.

### 4578/100 Comelit cable for Simplebus 1 systems (100m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 100m coil.

### 4578/500 Comelit cable for Simplebus 1 systems (500m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 500m coil.

Variant with two additional monitors or entry phones for two-family kit

Bravokit is also available in the VANDALCOM version.

Art. 8361

**Single-family surface-mounted kit with Vandalcom entrance panel and Bravo monitor**

The kit comprises: 1 monitor BRAVO art. 5701, 1 bracket art. 5714/K, 1 transformer art. 1205/B, 1 external unit art. 4877/BK, 1 branch terminal art. 1214/2 and 1 termination terminal art. 1216.

**DEDICATED ACCESSORIES FOR VANDALCOM VERSION**

**3159/1 Stainless steel flush-mounted housing**  
Stainless steel surface-mounted housing - 1 module.  
Dimensions 142x142x58 mm.

**4877/BK Additional external unit with 1 pushbutton**  
External unit with 1 pushbutton, with 1/3" CCD B/W camera, infrared illumination, microphone and loudspeaker volume control. Complete with module-holder frame and flush-mounted box.

**BRAVO** kit  
**BLACK/WHITE ACCESSORIES**

**Rain shield for Powercom entrance panel.**  
Rain shield for Powercom entrance panel. N° of modules: 1.  
Dimensions: 135x135,5x60 mm

**3316/1 Surface-mounted housing.**  
Stainless steel surface-mounted housing - 1 module Dimensions 123x123x32.5 mm

**3319/1 Surface-mounted housing with rain roof for Powercom entrance panel.**  
Surface-mounted housing with rain roof for Powercom entrance panel. N°al of modules: 1. Dimensions: 135x135x91 mm

**4875/BK Additional external unit with 1 pushbutton**  
External unit, with 1/3" CCD B/W camera, infrared illumination, microphone and loudspeaker volume control, aluminium call pushbutton with name label. Complete with die-cast aluminium module-holder frame and flush-mounted box.

**4876/BK Additional external unit with 2 pushbuttons**  
External unit, with 1/3" CCD B/W camera, infrared illumination, microphone and loudspeaker volume control, aluminium call pushbutton with name label. Complete with die-cast aluminium module-holder frame and flush-mounted box.

**4660/BK A/V unit with camera**  
A/V unit with 1/3" CCD B/W camera, infrared illumination, microphone and loudspeaker volume control.

**3328/PK Powercode kit**  
External units can be equipped with this electronic key that allows the access door to be opened by entering an 8-digit secret code programmed by the resident. The article comprises an electronic coded key module with 2 relays art. 3328, a flush-mounted box art. 3110/2 and a frame art. 3311/2G.

### 1224A Switching device for audio or audio-video systems with 2 or more entrances.

Complete with 2 DIP SWITCHES with 8 positions for setting the user range of the riser. 12V AC power supply. (use transformer Art. 1200) Dimensions: 60x85x35 mm (4 DIN modules).

### 4833A Line amplifier for Simplebus Colour video systems

Amplifier for Simplebus video systems. This regenerates the riser signal relative to the video component. Complete with microcontroller for optimal operation management. Follow the operating instructions in the technical documentation. Power supply: 12 V AC or 20 V DC. Dimensions: 66x85x35 mm (4 DIN modules).

### 1122/A Relay for general uses 12-24V DC-AC (4 DIN modules)

12/24V DC-AC 10A relay for general uses. Dimensions: 66x85x35 mm (4 DIN modules).

### 1256 Actuator relay

Intelligent device for controlling a 10A relay (on board) for general uses. For use and programming of the function required, follow the indications given in the technical documentation. Power supply: 12 V AC or 20 V DC. Dimensions: 66x85x35 mm (4 DIN modules). Branch terminal 1214/2 not supplied.

### 1259A Switcher for remote cameras

Module which allows modulation and transmission of the video signal coming from 3 colour cameras sequentially together with the image coming from the external unit. Sequential switching of the cameras is possible using the actuator pushbutton of the monitor. Possibility to control private cameras. Power supply 12 V AC or 20 V DC. Dimensions: 60x85x35 mm (4 DIN modules).

### 1212/B Power supply for additional monitor

Power supply with 230V AC input, 0-20V DC / 15VA output. The transformer is fitted with internal protection PTC. Dimensions: 87.5x105x65 mm (5 DIN modules).

### 1205/B Power supply

The transformer provides 2 outputs: one to supply the external unit and the electric lock and one to supply the monitor. Dimensions: 105x85x85mm 500mA time delay fuse. Terminal board: AC230V network voltage input ~ AC output for external unit and electric lock + - 20V DC power supply output of the monitor. Dimensions: 105x85x85 mm (6 DIN modules).

### 5701 BRAVO B/W monitor

Handset version Bravo monitor with 4" B/W screen, The chrome keys, the brilliant white gloss finish combined with the silver colour base combined with the etched glass effect facia. It is fitted as standard with door open pushbuttons and two pushbuttons for various functions, signalling LED, brightness adjustment, contrast adjustment, and slide call volume adjustment. The "Call tone" function, which allows the call tone to be temporarily excluded, is standard and is obtained by positioning the call volume on zero. It can be converted into a desk version with art. 5712. Dimensions: 212x225x55 mm

### 5714/K Bracket

Bracket for Bravo monitor art. 5701. Fitted with branch terminal art. 1214/2.

### 5712 Desk base for BRAVO series monitor

Allows conversion into desk version of all BRAVO monitors. Complete with 2 metres of cable and connection boss. Dimensions: 173x186.5x174 mm.

### 5733 Card with 4 additional pushbuttons

Card with 4 additional pushbuttons (N/O or for digital services), provided with fixing screws. Can be inserted inside all the BRAVO series monitors easily without having to open the monitor.

### 5734 Card with 2 additional pushbuttons and 2 additional LEDs

Card with 2 additional pushbuttons (N/O or for digital services) and 2 additional LEDs, supplied with screws. Can be inserted inside all the BRAVO series monitors easily without having to open the monitor.

### 1214/2 Branch terminal for B/W kit

Terminal required when expanding the system with an additional entry phone art. 2608.

### 1229 Additional bell

Additional bell for call repetition, which can be controlled directly from terminals S- S+ of the brackets and/or by the entry phones. Surface-mounted or mounted on civil series box 503. Dimensions: 110x75x29mm.

### 2608 Basic version telephone for digital Simplebus cabling (only for audio systems)

Telephone with electronic call call tone adjustment, privacy of speech, call tone privacy, door open pushbutton and supplementary pushbutton for porter switchboard call or free (C/N.O.). By means of selection jumper, the second pushbutton can be used to control actuator art. 1256. Allows management of the local floor call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. With this model, addition of pushbuttons or supplementary LEDs is not possible. Dimensions: 95x215x58 mm

### 2628 Elegance version telephone for digital Simplebus cabling (for mixed systems)

Telephone with electronic call call volume adjustment, privacy call tone , privacy of speech. Fitted with door open pushbutton, switchboard call, actuator control art. 1256 and free (C/N.O.). Up to 6 supplementary pushbuttons can be added, of which a maximum of 3 LEDs. Allows management of the local floor call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. Telephone to be used in mixed audio/video systems (Simplebus 1 and Simplebus 2) or in audio systems when the call repetition function is required. Fitted with terminal 1214/2. With this model, the can facia can be replaced. Dimensions: 95x215x58

### 2628B Elegance version black telephone for digital Simplebus cabling (for mixed systems)

Telephone with electronic call call volume adjustment, call tone privacy, privacy of speech. Fitted with door open pushbutton, switchboard call, actuator control art. 1256 and free (C/N.O.). Up to 6 supplementary pushbuttons can be added, of which a maximum of 3 LEDs. Allows management of the floor door call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. Telephone to be used in mixed audio/video systems (Simplebus 1 and Simplebus 2) or in audio systems when the call repetition function is required. Fitted with terminal 1214/2. With this model, the facia can be replaced. Dimensions: 95x215x58 mm

### 2610 Elegance version telephone for Simplebus digital cabling with privacy/doctor function and intercom service (the intercom service is only available if the telephone is used in the Bravokit kit)

Telephone with electronic call, call volume adjustment, privacy of speech, call tone privacy. Fitted as standard with door open pushbuttons, porter switchboard call, actuator control Art. 1256 and LED for various functions (engaged and doctor function). Up to 6 supplementary pushbuttons can be added, of which a maximum of 3 LEDs. Allows management of the floor door call and call repetition. Complete with dip-switch with 8 positions for selection of the desired user code. Telephone to be used in mixed audio/video Simplebus 1, Simplebus 2 systems or in the Bravokit kit. If used in the Bravokit, the telephone has the intercom function. Fitted with branch terminal art. 1214/2. With this model, the facia can be replaced. Dimensions: 95x215x58 mm

### 4576/100 Comelit cable for Simplebus 1 systems (100m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 100m coil.

### 4576/500 Comelit cable for Simplebus 1 systems (500m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 500m coil.

### 4578/100 Comelit cable for Simplebus 1 systems (100m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 100m coil.

### 4578/500 Comelit cable for Simplebus 1 systems (500m)

consisting of two power supply conductors (1,5 mm<sup>2</sup>) and a braided telephone wire for the signals. 500m coil.
