smart

3 MM. THE MEASURE OF ELEGANCE.

Comelit®
Passion and Innovation

smart

MINIMAL SPACE, MAXIMUM PERFORMANCE.

We have eliminated excess; all the technology you need can now be condensed into just 3 millimetres. This is the space required by the new Smart monitor from Comelit. Smart is the essence of simplicity: ultra-thin and with a compact, elegant design, it is pleasant to look at and to use.
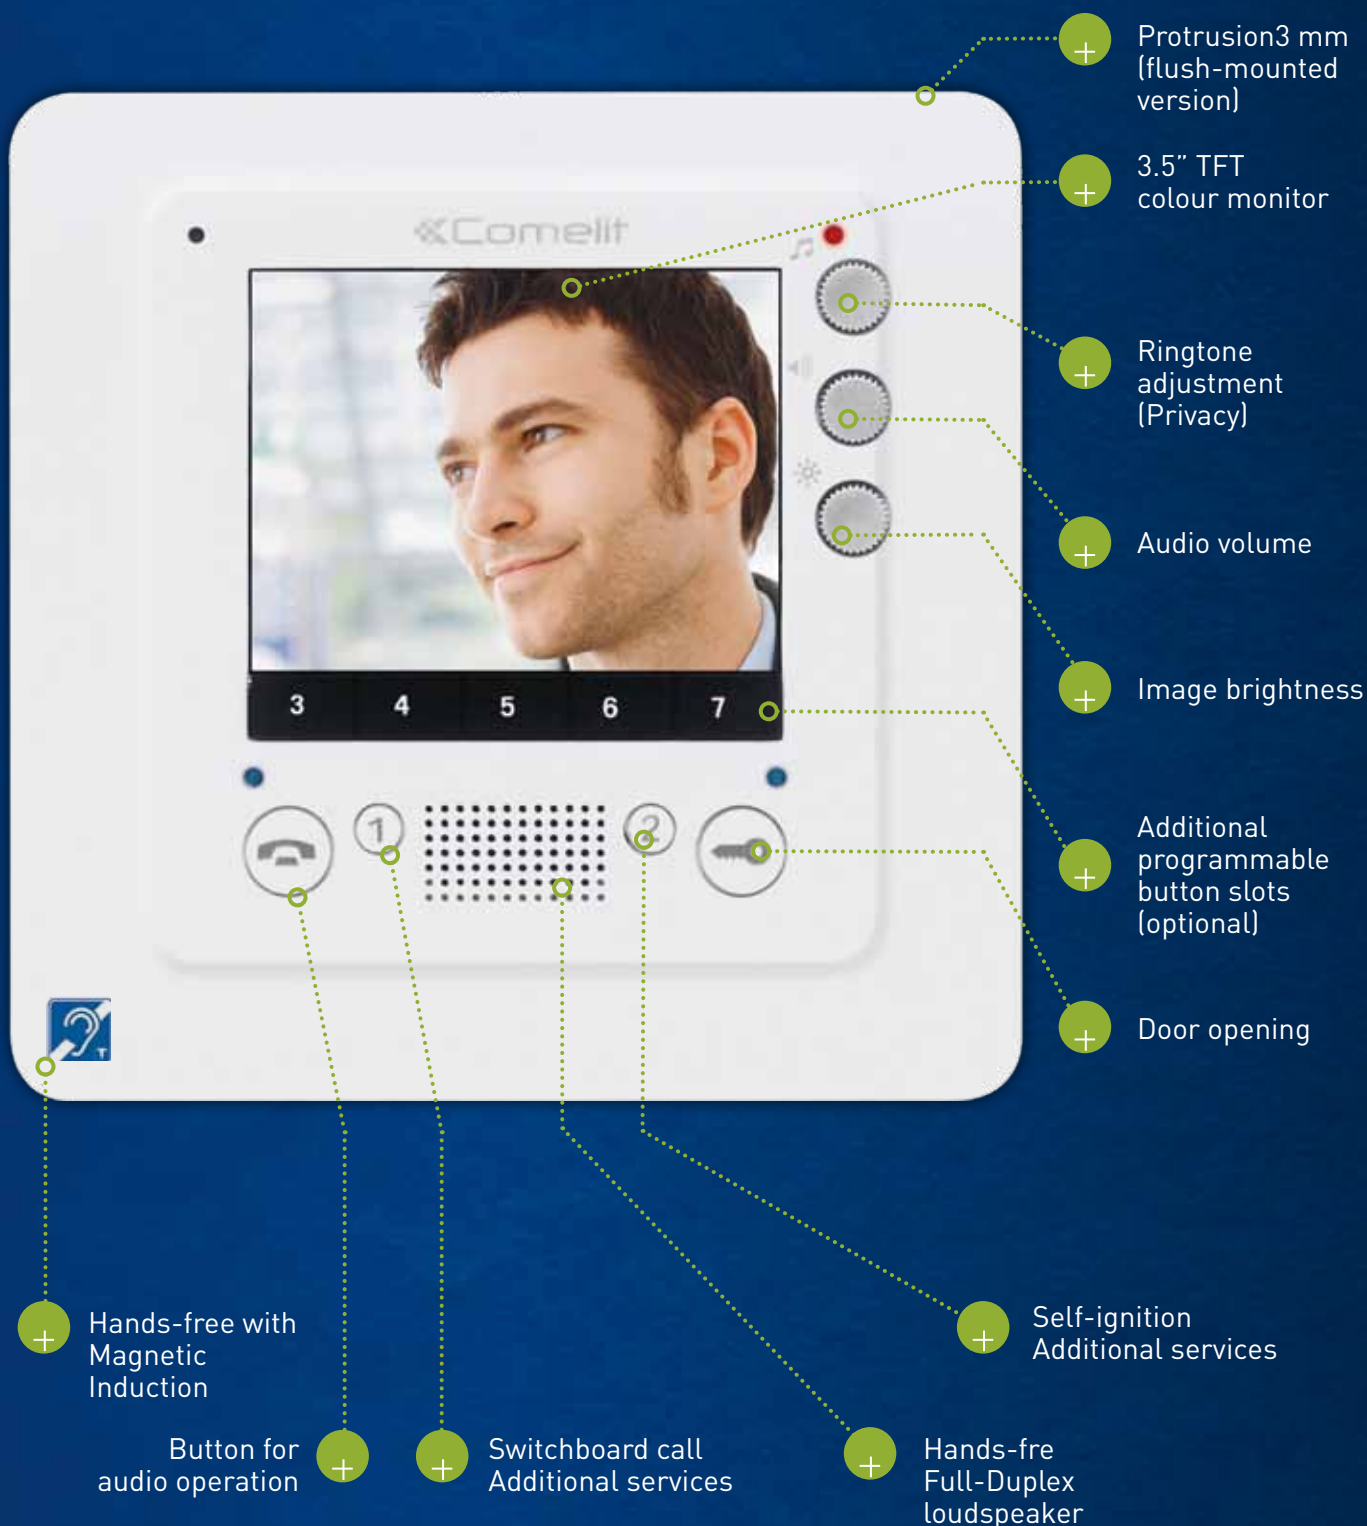

NOTICEABLE BEAUTY.

The clean design, soft lines and modern style of 'Smart' make it the ideal door entry monitor for anyone who is unwilling to choose between aesthetics and functionality. Zero-encumbrance technology, capable of being noticed purely on account of its elegance and personality.
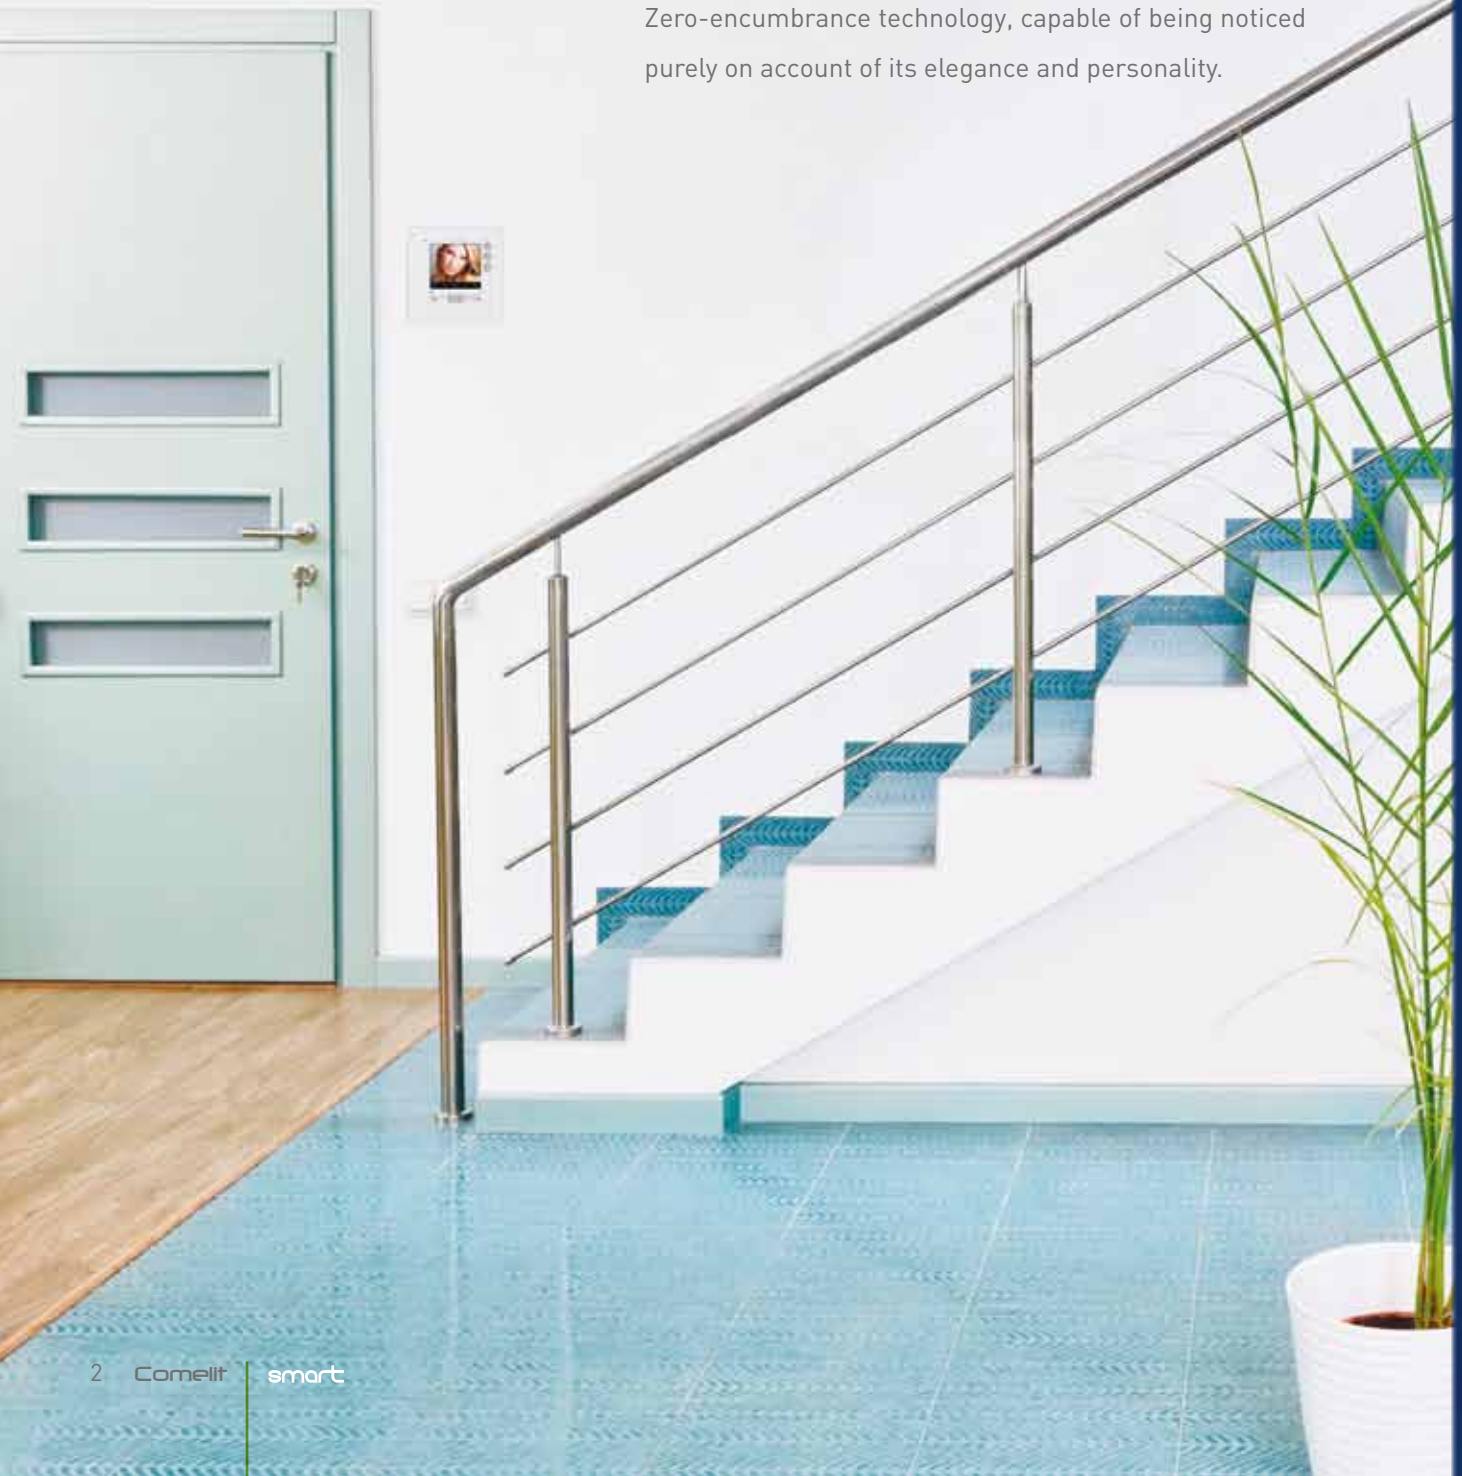

SO MUCH TECHNOLOGY. IN JUST 3 MILLIMETRES.

Smart has a 3.5" colour display, adjustable ringtones, a Full-Duplex hands-free loudspeaker, conversation and door opening pushbutton (with BLUE LED indication) calls to switchboards and other additional services, including the privacy function (with RED LED indication). It also offers image brightness control. Smart is also available with a Magnetic Induction audio devoice for the hard of hearing,in 3 versions: flush-mounted, Surface Surface Mounted or with desk base.

Flush-mounted and Surface Mounted version

WHERE YOU LIKE, AS YOU LIKE IT.

Smart by Comelit is not just a door entry monitor, it is also an original decorative element. Its minimal Protrusion means all available versions can integrate perfectly into any room. The wall- and flush-mounted versions of Smart follow the lines of the wall, taking the form of a graceful, technological frame. In its desk version, Smart becomes an elegant and highly functional ornament.

Technical specification

6302	Smart series hands-free colour monitor for SBC system/kit	Flush-mounted (on box Art. 6117) or Surface Mounted (with bracket Art. 6320) colour monitor with 3.5" screen and Full-Duplex hands-free audio. Allows audio volume adjustment, ringtone volume adjustment with privacy activation indicator light and brightness control. Fitted as standard with key button, audio enabling/disabling button with corresponding indication LEDs and 2 other buttons pre-set for self-ignition and switchboard call (these can, however, be programmed for various uses). It is normally used for local floor call management and call repetition, and comes complete with an 8-position DIP SWITCH for user code programming, as well as a second 8-position DIP SWITCH for programming management. Inclusion of the button card Art. 6333 allows a further 5 additional programmable buttons to be made available. The monitor can be used in SBC Simplebus TOP colour systems, or as an additional monitor for Simplebus KITS. Dimensions 138x138x24 mm.
6302/BM	Smart series hands-free/ magnetic loop colour monitor for SBC system/kit	Flush-mounted (on box 6117) or Surface Mounted (with bracket Art. 6320) colour monitor with 3.5" screen and Full-Duplex hands-free magnetic loop audio forfor the hard of hearing. Allows audio volume adjustment, ringtone volume adjustment with privacy activation indicator light and brightness control. Fitted as standard with key button, audio enabling/disabling button with corresponding indication LEDs and 2 other buttons pre-set for self-ignition and switchboard call (these can, however, be programmed for various uses). It is normally used for floor door call and call repetition management, and comes complete with an 8-position DIP SWITCH for user code programming, as well as a second 8-position DIP SWITCH for programming management. Inclusion of the button card Art. 6333 allows a further 5 additional programmable buttons to be made available. The monitor can be used in Simplebus TOP colour systems, or as an additional monitor for Simplebus KITS. Dimensions 138x138x24 mm.
1248	Button and function programming software for Smart and Magis monitors	Software to be installed on a PC for the programming and reading of all pushbuttons and functions on Smart and Magis monitors. Supplied with link cable (USB connection on PC side, connector on monitor side).
6312	Desk base with clasp for Smart monitor	Adjustable tilt desk base converts the Smart monitor into a desktop version. Complete with 1 x 2 m labelled RJ45 cable for connecting the monitor terminals to the Junction box or to a civil series jack. Dimensions: 145X190X120 mm.
6320	Wall bracket for Smart monitor	Coloured plastic bracket for surface mounting of the Smart monitor. Dimensions: 138X138X19 mm.
6333	Accessory for 5 additional buttons on the Smart monitor	Accessory for Smart monitor which allows the addition of 5 extra programmable buttons for digital services. Can be installed quickly, without opening up the monitor.
6117	Flush-mounted box for Planux monitor	The accessory can be used for the tilt-adjustment fitting of art. 6122. Dimensions: 132X132X50 mm.
6118	Plasterboard fixing kit for planux and smart monitor	Plasterboard fixing kit
