

REF. 02040 ELECTRONIC EXTENSION CALL

Equipment that lets you hear the audio/video door entry ring tone from a place other than where the telephone or monitor is located.

Conventional System: uses wires common to the whole installation plus 1 call wire (or call return) per home..

Recommended in small to medium-sized buildings (up to 50 residents approx), with several accesses and central guard unit. For residential complexes with general entrance and interior blocks.

Wiring:

- Audio door entry system: 4 common wires + N (1 call wire per home).
- Video door entry system: 7 common wires + 1 video coaxial+N (1 call wire per

home).

Maximum distance in the installation based on the cable section used (see technical manuals).
