- Operating temperature: -10 ° C to +60 ° C

Easy-Door Controller is a stand alone controller. It manages a door and 1500 keys. Easy Door Controller is easy to install and easy to program. The additions, cancellations and updates of keys are made by the master key or programming terminal.

Due to its size, Easy Door Controller is suited to be mounted behind a panel. So you can add access control to your intercom system at a very attractive price.
