Videx are able to offer a range of five standard sized Stainless Steel Posts with universal fixings which will accommodate the full range of Videx audio, video and access control products.

**Tel: 0870 300 1240**

Web: [www.videx-security.com](http://www.videx-security.com)

All Posts are manufactured from 80mm x 80mm brushed Stainless steel and incorporate a substantial 200mm x 200mm x 8mm base plate with 4 x 14mm diameter fixing holes to secure the unit.

There are five posts to choose from, all incorporate universal product mounting fixtures which allow the attachment of the door panels or access control units.
