THE 2 WIRE FULLY ISOLATED SYSTEM FOR HIGH & LOW RISE HOUSING SCHEMES

COMELIT

Comelit have over 50 years experience in manufacturing door entry, access control and OEM suppliers for the social housing sector. Comelit have now taken the opportunity with this experience to supply the comprehensive "SimpliCity" product range which incorporates the award winning "Simplebus-2" technology:

- Up to 50% installation time saving
- Reduction in fault liability
- Works with existing cabling infrastructures
- Full speech isolation
- UPS battery backup standard feature and more

INVENTING

Key to our business is listening to our customers. SimpliCity offers many options, including DDA and social housing compliant features:

- Vandal resistant marine grade 316 stainless steel
- Security screws and lockable cabinets
- Tough polycarbonate windows
- Dual height for wheel chair access
- Braille and yellow ringed buttons
- Flush, surface or bezel mountings
- CCTV interface to allow full recognition of visitors
- Hearing induction loops and more

INNOVATION

We recognise the duty of care that housing Associations and Local Authorities must deliver to their residents and have pleasure in providing the perfect system that includes:

- Resettable electronic isolation
- 8 and 16 way isolation cabinets
- Visual fault indication at the apartment station
- Tone reassurance at the apartment station
- Privacy of conversation
- Trades access
- 3rd party Access Control interface as standard
- Heavy duty lock releases
- Internal sounders and beacons and more ...

FREE product training and FULL technical support.
