

Targha Audio Entry Panels

The innovative entry panel from BPT merging the utmost modularity and functionality with the most advanced aesthetic values contemporary design has to offer.

Slim and surface mount, Targha is easy to install, and is particularly suitable wherever leaving the existing structures untouched is of paramount importance.

Main features:

- Available in 4 colours - anodised aluminium, anodised brass, white and greyhound grey
- Each panel is only 207mm high, 99mm wide and 28mm deep surface mounted
- LED backlighting system provides an appealing illumination of the buttons
- Built-in rainshield
- Targha comes as a surface panel but can also be recessed using a back box. In the recessed version, Targha compositions can be created either horizontally or vertically

Audio entry panel - HSC/*ST, HSC/*DST (split buttons)

- All the convenience of clear, resonant and reliable voice communication with the entrance panel
- Supplied with a single call button, it can accommodate three additional buttons, single or split

Audio entry panel with an integral access control keypad - HSC/1HNA

- Supplied with a single call button
- The access control keypad operates two relays and offers 100 x 4 digit entry codes

Expansion panels - HSP/*ST and HSP/*DST

- Expansion panels can house 4 buttons, 6 buttons, 8 split buttons or 12 split buttons

Accessories

- Targha audio entry panels require a HA/200 audio unit
- To recess the panels, you will need a HTS/GR (grey) or HTS/BI (white) back box

Anodised aluminium (ST)
